## **Press Release**

### **Re: Clarification of Day Care Operations**

Further to the statement released by the Ministry of Education and Technical & Vocational Training on 29th December, 2021, the Ministry wishes to clarify that the requirement to temporarily suspend in person lessons on public and private school campuses for 14 days in the first instance does not apply to day care facilities. All schools will continue to provide lessons on a fully virtual platform in January, 2022.

We wish to reiterate that the Ministry of Education and Technical & Vocational Training will, in conjunction with the Ministry of Health and Wellness, review the status of the resumption of in person lessons, within 14 days, or in or about 12th January, 2022.
